with Sally

● Have you ever noticed that when Spring comes and the tulips begin to bloom that people's hearts grow soft and tender?

● So have we, and when we see a patch of blue sky our own heart begins to pound and we remember how John looked when he was young and handsome, before he began to grow bald and wear glasses.

● John's romantic instincts are few, even in the Springtime. He always replies to the dreamy look in our eyes with some remark like "Say, Sally, where the devil did you put my last year's flannels?" or "How come we never have fried liver for dinner any more?"

● And despite ourselves, with our incorrigible feminine instincts to please, we never say a word about the song in the air or the tulips in bloom. We hasten meekly down to Farmers Meat Market and inquire in a breathless voice how the fried liver market is this morning.

● Yes, we are a worm. Then we hurry over to Byrne's because John has said something about needing a new radio tube. On the way, we stop at Beeson Cleaners and tell them that John's last winter flannels must be cleaned at once.

● At Milo's Market we pick up some crisp salad greens and at Robertson's Egg Store are assured that their bacon with liver touches any man's heart.

● And that isn't all. We lovingly procure fresh-baked bread from Geneva Bakery, jam from Colma Pioneer Grocery, and ripe, red tomatoes from Casentini's Jefferson Market. At Daly City Cut Rate Market we find some of John's favorite Kre-Mel dessert and at Miriam Grocery we indulge

Star Food Show At D. C. Cut Rate Mkt.

Free samples, tricks, vaudeville, and fun in general, will be in store for Daly City shoppers Saturday at the Cut Rate Market.

The Star Food Show always draws crowds, not only to see the entertainment, but to take advantage of the many special bargains in nationally-known brands of foods. Tom Passantino and Jim Raimondi, proprietors of the Cut-rate Market, cordially invite the public to this Saturday event.

Arbitrary Date Line

The International Date Line is an irregular line which is drawn somewhat arbitrarily on the map of the Pacific ocean, near the 180th meridian of longitude. This line marks the place where navigators "change their date" on the trans-Pacific voyage. The line is drawn on the map in a general north-and-south direction, separating the islands of the Pacific ocean in such a manner that all those in the east carry the same date as the United States, and those in the west the same date as Japan and Australia.

Kangaroo Species

Kangaroos are found only in Australia and nearby islands, yet there are about 50 separate species of the animal.

AT D. C. THEATRE SUNDAY

Glamorous Marlene Dietrich, more exotic and exciting than ever before, has the most picturesque role of her sensational career in Universal's "Destry Rides Again," which will be shown at the Daly City theatre, Sunday. James Stewart co-stars.

Great Smoky Mountains

Dr. H. M. Jennison, University of Tennessee botanist, says the Great Smoky Mountains National park has nearly twice as many different kinds of trees as are found in all Europe.

Castor Plant Products

The castor plant is used in the manufacture of lubricants, medicine, flypaper, paints, soap, linoleum, printing and sulphonated castor oil.

Stockings for a Queen

Weaving is one of the oldest arts, but knitting was not discovered until about 1400. Some 200 years later, Rev. William Lee of Nottingham, England, invented a knitting machine. He knit a pair of stockings for Queen Elizabeth but she was reported as disappointed because they were coarse. Rev. Lee then perfected a new machine, and knit the queen a pair of silk stockings.

China's Co-operative Societies

More than 3,000 co-operative societies, designed to aid China's prolonged resistance to Japanese invasion, have been organized in Fukien provinces.

Ghetto in Amsterdam

Probably no Ghetto in Europe has more American visitors than the one in Amsterdam. They come to No. 41 Waterloo Plein to see where Spinoza was born, and to the house at No. 4 Jodenbree street where Rembrandt lived for 16 years.

U. S. Leads in Chemistry

Prof. E. J. Crane of Ohio State university, editor of Chemical Abstracts, has reported that the United States leads the world in chemistry. Germany has dropped to third place and Great Britain to second. Professor Crane's report is based on an analysis of 65,000 chemical discoveries.

ourselves in solid bananas.

● Vireno's Market supplies us with fresh mayonnaise and Knoll's Market with tomato juice. We pass both the Hilltop Lodge and Wit's End with a worried look, wondering if John will be home to dinner after all.

● We even buy some Mavis talcum powder for men from Edwards Drug store, and leave John's extra shoes at Bosco's to be shined and re-soled.

● We linger long at Waxman's Bakery, torn between Rainbow Pound cake and Tropical Island cake. Which does John like best, Rainbows or Tropical Islands? We finally compromise on Huckleberry Bars.

● At home we fish out our best tablecloth, all gleamingly clean from New Process Laundry and cock our ear for the welcome sound of the door chime from H. H. Smith Lumber Yard which will mean that John has returned. We lovingly place a bouquet of Spring flowers from the Daly City Nursery in the center of the table and wonder wistfully if John will notice.

● Then at last he is home and dinner is in progress. We hover anxiously over the fried liver. It seems cooked to perfection. But something is wrong.

● We press John—does he like the buttered beets? They were so nice and fresh at Lucca Ravioli's this morning. Will he have a bit more sherry from Gelsi's? Doesn't he think that these apples from Westlake are delicious?

● But John is preoccupied and the liver is a failure. After dinner, he leans back as men will and looks up at us.

● "That's the trouble with you women," he says. "Must be the domestic instinct. You can never think of anything but cooking.

● "And it's Spring, too," he says absently, looking out of the window. "Well, suppose we go to the Daly City theatre. Barbara Stanwyck will be playing. Now there's a woman who understands what Spring means to a Man."
